

2007 AIDS/HIV Hispanic Mother's Day Brunch

Nurture & **ChatwithGod.org Ministries** felt so fortunate and honored to serve and support the ASF women. On Saturday, April 28th 2007 Nurture hosted a Mother's Day Brunch for the women of ASF infected with HIV/AIDS. Greeters welcomed the moms as they arrived that Saturday morning to ROCKHARBOR church. Polaroid pictures were taken, framed and given to the moms for a keepsake. Jewelry and clothing boutiques were set up for the moms to shop as they waited for everyone to arrive. Kelly opened the brunch in prayer and raffled off some gift cards. Lunch was served and Janelle sang worship songs on her keyboard as the women ate. More gift cards and large gift baskets were raffled off. Joanna Dulude gave her powerful testimony and the moms were deeply impacted. Gloria, one of the moms then shared her moving story. The doctors had told her to make all the funeral arrangements because she could pass at any time. But she had held on because she wanted to make it to the brunch. Kelly closed in prayer and **the women then received a (Spanish) Purpose Driven Life package/Four Spiritual Laws Booklets (Spanish), toiletries gift bag supplied by ChatwithGod.org Ministries (the Fuch's, Dalby & Webster families packed by the Westside community women), a Crystal Lewis Spanish CD, a rose, and a poem.** The only reason this brunch was made possible was because of the generous donations made by people like you. Our biggest hope was that we could give these women something to take home, that they would have later to read and learn more about the Lord. God answered our prayers through you and your contribution will undoubtedly be used to further His kingdom. We cannot thank you enough!
